

DUNNY DIGESTER

Dunny Digester contains powerful, all-natural microbes that make a meal out of the muck in your septic tank system.

- ✔ Breaks down organic materials and restores the natural bacteria in your tank
- ✔ Cleans-up your septic tank system to prevent organic build-up, reduce nasty odours, and avoid costly blocked drain and pipe clean-ups
- ✔ Perfect for use in motorhomes, caravans, boats and portable loos
- ✔ **Easy to Use:** no-mess application means all you need to do is simply drop one pod into your toilet, once a month - and flush away!

Pack Sizes

Available in packs of 12 pods (12 month supply per toilet)

Store in a cool, dry place away from direct sunlight and humidity. Do not ingest.
